Testing & Inspection Report of fire Extinguisher

Year of Contract	2021-2022	Date-28/09/2021	
Certificate No.	FNT/IND/21-22/TSD/16242		
Completion Month	September -2021		
Valid Up to	September -2022		
Warranty for	01–Year		
Details of	ABC Type Capacity-6 Kgs	4 Nos.	
New/Refilled fire extinguisher	Total Quantity	4 Nos.	
Inspection Details Of fire Extinguisher	 Check for proper sizes, types, quantity and placement of fire extinguishers. Ensure that each fire extinguisher is properly mounted, conspicuously located, not obstructed by objects and readily available for use in case of a fire. Make sure the instruction label is legible and facing outward. Check to be sure the extinguisher is fully pressurized, and/or at its full charged weight. Make sure the fire extinguisher hose is intact and fr ee from obstruction. Operate the pull pin or locking device and install a new tamper seal. Check for dents, corrosion or other signs of damage. Look for any modifications to the fire extinguisher that could possibly reduce its functionality. Verify that the extinguisher is current on all internal maintenance and pressure testing requirements. Attach an updated tag or label as a record of proper maintenance. 		
Declaration	We further certify that (FIRE NET) has successfully checked above fire extinguisher which is in good & working condition but necessary periodical maintenance, services and refill when required to fire extinguisher will be done by us.
